

All Members, TRA

30th May,2021

Greetings from TRA !

Hope this mail finds you and your family well. We would like to inform you that due to the lock down and restrictions imposed by the state Government, we have not been able to continue with our usual advisory services. The first three months of the current year has been very challenging in terms of drought due to very less rainfall thereby leading to severe stress of the bushes. We hope that things will look up and the second flush and thereafter will be good for all our members with remunerative prices.

In this context we from TRA are organizing a series of online meetings for a detailed interaction between TRA scientists of all branches and our planter friends from 31st May 2021 onward. We would request you to kindly join the meeting for a fruitful interaction.

The agenda for the meeting is as under :

- 1) Current scenario of the district with crop figures and weather report.
- 2) Pest incidence and measures thereof
- 3) Crop projection during next three months
- 4) Any major relevant issues of the district
- 5) Open discussion

Incase of any major issue which needs to be discussed, the same may be sent to the undersigned one day before the meeting.

The meeting details are given as under :
