TRA TOCKLAI

Tea Research Association, popularly known as TRA Tocklai, addresses the R&D needs of the Indian tea industry. It carries out and promotes research on tea with the principal objective of improving overall productivity and quality. It is a pioneer in the research and development on tea and an innovator in providing extension services to the tea industry. Research on all aspects of tea cultivation is carried out at Tocklai Tea Research Institute, Jorhat, Assam and at North Bengal R&D Centre, Nagrakata, West Bengal. The increase in productivity from 424 kg/ha in 1900 to about 2153 kg/ha (2017) is a reflection of TRA's impact on the tea industry. TRA's extensive advisory network offers extension services to 1076 tea estates, covering 3,41,049 hectares of land, spread over the Jorhat, Thakurbari, Dibrugarh, Cachar, Agartala, Nagrakata, Darjeeling, Terai, Itanagar and Umsing in Meghalaya.

ABOUT THE COURSE

The newly introduced Six Months Diploma course on tea provides a fairly intensive training on various aspects of tea culture and manufacture as practiced in Northeast India. The course will be delivered by highly professional faculty from this century old institute and by professionals from the tea industry. It will cover the basics of Agronomy, Plant Physiology & Breeding, Soil Science, Biochemistry, Tea Processing, Quality Management, Plant Protection including Entomology, Mycology and Weed Science, HR and Grievance Redressal, Tea Statistics, Certification and Market Economics. The course is affiliated to Assam Science and Technology University (ASTU), Guwahati.
